DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature, and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out when sleep is troubled and broken, when there is a constant feeling of dullness and languor, Nature is holding the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for a prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

I have had so much benefit from your medicine as to give a few words that you may use for publication. I had been troubled with a complication of diseases for over two years, but kidneys and liver bothered me most. Some of my worst ailments were head-ache, pains around heart and under right shoulder-blade. My hands and feet were cold nearly all the time, and I had such chilliness that I could not do any housework. Took medicine from my physician, but received no benefit. Bought a bottle of "Golden Medical Discovery," and after taking it I felt so much better we determined to give it a fair trial. Appetite soon improved and gradually the disorders disappeared until I am well.

A Great Doctor Book Free.—Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover cost of mailing only and we will send you a free copy of his 108-page Common Sense Medical Adviser, paper-covered. Cloth-covered 31 stamps.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the hair is crowned with scant hair. Scant and falling hair, it is well known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

DECISION AGAINST GENERAL BROOKE

In the recent suit brought by Maria Francisca O'Reilly, Countess of Buena Vista, Cuba, against Maj. Gen. John E. Brooke, U. S. A., for \$250,000 damages for having, while governor general of Cuba, deprived her of the hereditary right to slaughter all cattle for the city of Havana, Judge Holt, of the United States District Court, in New York, yesterday overruled a demurrer filed by Charles W. Russell, as special assistant attorney general, representing Gen. Brooke, claiming that the facts alleged in the complaint did not constitute a cause for action.

Judge Holt, in overruling the demurrer, said that the act of Gen. Brooke "was a confiscation of the plaintiff's property, and was wholly unlawful, tortious and unauthorized upon the part of the defendant, and that it was in contravention of the Spanish laws of 1759, and of the subsequent decree of the Spanish crown in 1878."

Judge Holt, in his opinion, says that the slaughtering right was purchased from the Spanish crown in 1728 by an ancestor of the plaintiff, who thereby became hereditary alcaide mayor, or high sheriff, of Havana, with the perpetual privilege of slaughtering all the cattle killed in the city of Havana, and that this property right remained until the Spanish war.

In May, 1899, the Island of Cuba was under the military jurisdiction of the United States, under the treaty of Paris, made on December 10, 1898, the opinion states, and quotes a provision of the treaty which reads: "The relinquishment of Spanish sovereignty shall not be held to impair the property rights which by law belong to the peaceable possession of property of all kinds of private individuals of whatsoever nationality such individuals may be."

On May 20, 1899, Brig. Gen. William Ludlow, governor of Havana, issued an order by which he declared the hereditary grant of the O'Reilly family terminated, and null and void, and transferred the right of slaughtering all the cattle, with its attendant profits, to the city of Havana. The plaintiff, then, the opinion states, appealed for redress to Gen. Brooke, as governor general of the island, who, on August 17, 1899, affirmed the order of Gen. Ludlow abolishing the office of alcaide mayor, with its special privileges.

Counsel for Gen. Brooke claimed the act of his client was purely a governmental act, and that he was exempt, therefore, from a private suit for damages for a governmental act. On this point Judge Holt said:

"I think under the decisions that the defendant is not exempt from personal liability in this action on the ground contended by his counsel that his order was an exercise of sovereign power. His act was not an act done by a military commander in time of war. The annulment by Gen. Brooke of the plaintiff's right to carry on the slaughtering business, and its transfer to the city of Havana, was not in its nature a military act, but was essentially an act done in the course of a civil administration."

CONDITIONS IN POLAND.

According to reliable information reaching Warsaw yesterday, the Poland peasant revolt, in view of the fact that the peasants number 7,000,000 out of a total population of 10,000,000, will, it is spread, result in disorder far greater than anything that has arisen during the present agitation.

The peasants hitherto have not figured to any great extent in this agitation, which is confined to the 2,000,000 workmen in the cities and towns. The socialists recently sent emissaries into the country districts for the purpose of stirring up the villages. According to reports they met with speedy success. As 75 per cent. of the peasants are unable to read, they are easily led away by socialistic oratory.

The movement began at Pruska and extended at once to Piotrk. It first reached serious dimensions in the district of Siedlce, where a majority of the Greek Catholics or Uniates reside. These, being exceedingly embittered by religious persecution, quickly joined in the agitation, and approached the landed proprietors with a demand for an increase of 50 per cent. in their wages. Their demands being refused, they promptly struck. In many instances the peasant strikers resorted to violence. Disturbances have been reported from nearly 50 villages, whereas hitherto a government alcohol shops, the authorities making no attempt to interfere.

The peasants' real grievances are exclusively in connection with the language and economic questions, without any revolutionary ideas. They smart under the methods of the local bureaucracy in making obligatory the use of the Russian language, which they do not understand. It is stated that already 130 villages have declared that they will not receive official proclamations in the Russian language. While there appears to be no danger of a real peasant revolutionary movement, a general revolt against the compulsory use of the Russian language is greatly feared; and among well-informed men in War-

saw last night the situation was regarded as far from reassuring.

The police in 3 out of the 12 districts of Warsaw demanded an increase of pay on Saturday. This was granted on Sunday, and all the policemen at once returned to their posts. The entire force is now working.

The authorities are instructing the military in police duty, in order to be prepared in the event of further disturbances, and consequently most of the policemen are accompanied on their beats by soldiers.

A Touching Story

is the saving from death of the baby girl of Geo. A. Fyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl is in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health. Never fails to relieve and cure a cough or cold. At E. S. Leadbeater & Sons' drug store; 50c and \$1.00 guaranteed. Trial bottle free.

Chamberlain's Stomach and Liver Tablets. Unequalled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by Gibson & Timberman and W. F. Creighton & Co.

There is one rational way to treat nasal catarrh: the medicine supplied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissue to a healthy state without drying all the life out of them and it gives back the lost sense of taste and smell. The sufferer who is tried of vain experiments should use Cream Balm. Druggists sell it for 50 cts. Ely Brothers, 56 Warren street, New York, will mail it.
